

Online Certified Home Health Aide

Program includes Employment Opportunities

Course Hours: 76

The Certified Home Health Aide Profession

A Certified Home Health Aide is a professional caregiver who provides effective care for patients in their own homes. E&S Academy offers home health aide classes in New Jersey that provides the necessary knowledge and caregiver skills. If you are a compassionate and a dedicated individual looking for home health aide classes in New Jersey, look no further than E & S Academy. We train, prepare, and assist our Home Health Aides for employment opportunities.

The Certified Home Health Aide Program

E&S Academy is committed to training Certified Home Health Aides by providing top quality classes. Our CHHA classes aim at empowering individuals with the necessary skills and philosophy to become compassionate caregivers. The most important aspect of our philosophy is to give our CHHA's a valuable training program which ensures that our qualified graduates can find employment opportunities as soon as possible.

Certified Home Health Aide Course Overview

- 3.5 weeks online program - Course access will be available online 24/7 for 3 weeks.
- It is safe paced can log in and out per the student's convenience
- Students will only need to come in for three days for the online course towards the end of the program
- Once you start working, you will get a tuition refund of \$250.00.
- At the end of the program, you will receive a state issued NJ CHHA license that will validate you to work anywhere in the state.

Once you have completed the course, passed the evaluation, submitted the certification packet, passed the criminal background check, and have been approved by the New Jersey Board of Nursing, your certification will enable you to work anywhere in New Jersey as a Certified Home Health Aide.

Qualified candidates will also have employment opportunities with our partner company E&S Home Care Solutions as soon as two weeks after completing the training. If hired, additional training will be provided at no extra charge.

Education and Certifications:

- There are no state approval and/or state requirements associated with this program.
- Graduates will be Certified in the state of NJ as a home health aide
- Licenses are issued by the NJ Board of Nursing
